

## **Guidelines for Contributed Talk (Oral Presentation)**

- You have to give a seminar style of presentation.
- It should not exceed the maximum time limit of 10 minutes. 5 minutes are reserved for the discussion.
- The chairs will by necessity be very strict this time.
- Make sure to give enough emphasis to your main message in the relatively short time available to you.
- Please avoid over crowded slides or slides that are difficult to read. Texts should be kept short and preferably not more than 8 lines per slide.
- All slides should be readable by every participant seated anywhere in the conference hall.

## **Guidelines for Flash Talk and Poster Presentation:**

You have to send two slides of your poster in the power point presentation file for the flash talk on or before 7 October 2019 to [nanobio@smrsi.org](mailto:nanobio@smrsi.org). You have to present your flash talk in two minutes prior to your poster presentation.

- The size of the poster should be of A0 size ((length)1189 mm x (width) 841mm)).
- The pins for hanging the poster will be provided by the organizers.
- Please avoid over crowded text or low font size text that are difficult to read.
- Ensure about good quality of images.
